**TEKNOMOTOR S.R.L.**

From start to finish, every electrospindle is made in Italy, inside our factories in Quero Vas, by the expert hands of Teknomotor's operators and technicians and under the watchful eye of our quality control team and designers.

At a time when many Companies choose outsourcing manufacturing, we guarantee that our products are made in Italy and made by Us, now and always.

#### Customization

Our team of engineers is an excellence in designing customized motors that guarantee the best performances meeting even the most specific needs of our customers' machines.

#### Service

Our technical-sales department is organized in order to be a reference point for all our customers, both before and after sale, providing constant and immediate specialistic support to every request.

#### Customer satisfaction

We offer to our customers the guarantee of purchasing the product that best meets their needs. We do that through an accurate analysis of the requirements and a direct dialogue with our specialized technical team.

#### Reliability

We manage design and manufacture completely, directly and internally. Each component of our electrospindles is manufactured and assembled by expert hands of our operators and technicians and goes through an intense quality control that guarantees the reliability of our products.

#### Product design

Our motors are designed to best meet all the market requirements combining maximum accuracy, durability, efficiency, reliability and innovation with a clean and elegant aesthet.

- Front and Rear Pressurized
- Up to 15000 rpm
- Stainless Steel Shaft
- Galvanized Flange and Nut
- Arranged for Rotary Union
- Forced Air Cooling

**STONE**  
**GLASS**  
**MARBLE**

Long Lasting Life

Reliability

Corrosion Free

6067-D-DB-1/2G-PR-AC

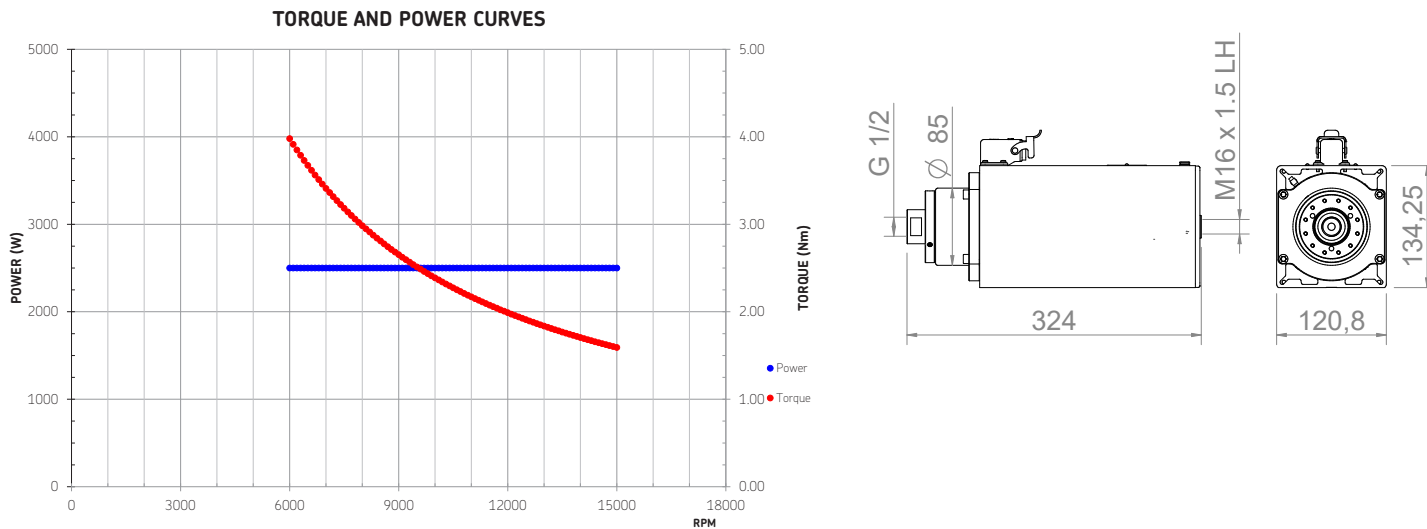

Power	2,5 kW	Tool holder	G1/2 Gas
Torque	3,98 Nm	Voltage	230 V
Base Speed	6000 rpm	Weight	15,61 Kg
Max Speed	15000 rpm	Order Code	COM60670097

6067-D-DB-1/2G-PR

Power	2,5 kW	Tool holder	G1/2 Gas
Torque	3,98 Nm	Voltage	230 V
Base Speed	6000 rpm	Weight	15,95 Kg
Max Speed	15000 rpm	Order Code	COM60670099

6067-D-DB-P-ER32-PR-SS-RH
